### **The A to Z of EPP — English Paper Piecing** Workshop by Sheri Cifaldi-Morrill of Whole Circle Studio **This is a handwork class.**

Who says English Paper Piecing (EPP) has to be just hexies and diamonds? Customize your own English Paper Piece (EPP) project! This technique and project is the perfect portable project. Take it with you while traveling. Have only 10 to 15 minutes at a time? This is an easy project that is great for using up fabrics in your stash and is easy to pick up and put down. Sheri will walk you through all the steps while demonstrating tips and tricks for staying organized, working efficiently, achieving precise alignments and sewing with different stitches to piece both straight lines and curves. This workshop is geared towards the beginner or those who are challenged by English Paper Piecing. Students will practice their EPP skills while making letters of their choice from Sheri's pattern, Typecast. Students will have one letter well underway by the end of class. Students can make additional letters to customize their own quilt. The possibilities are endless!
